

Flipkart Interview Handbook

1. Company Overview

Flipkart is India's leading e-commerce marketplace, now part of the Walmart group. It is known for its strong engineering culture and high technical bar.

2. Hiring Process (2025-2026)

- **Online Assessment (OA):** 3 coding problems (Medium to Hard) on HackerRank.
- **Machine Coding Round:** A unique round where you implement a functional system (e.g., Coffee Machine, Parking Lot) in 90-120 mins.
- **Technical Round 1 (DSA):** Focus on problem-solving and data structures.
- **Technical Round 2 (System Design):** Focus on HLD/LLD and scalability.
- **Hiring Manager Round:** Behavioral and role-fit questions.

3. Machine Coding Round (Unique to Flipkart)

- **Objective:** Evaluate your ability to write clean, modular, and extensible code.
- **Requirements:** Must be functional, use proper OOD principles, and handle edge cases.
- **Common Problems:** Design a Library Management System, Design a Cab Booking Service, Design a Task Planner.

4. Data Structures & Algorithms (DSA)

Frequently Asked Problems

Topic	Problem Example	Difficulty
Graphs	Snake and Ladder Problem, Alien Dictionary	Medium/Hard
Dynamic Programming	Wildcard Matching, Longest Common Subsequence	Medium/Hard
Trees	Serialize and Deserialize Binary Tree	Hard
Heaps	Merge K Sorted Lists	Medium

5. Machine Learning & AI

- **E-commerce ML:** Designing recommendation systems for product discovery.
- **Supply Chain AI:** Optimizing delivery routes and inventory management.
- **GenAI:** Using LLMs for customer support chatbots and product descriptions.

6. System Design

- **HLD:** Design an E-commerce Flash Sale System (handling high concurrency).
- **LLD:** Design a Payment Gateway, Design a Notification Service.
- **Focus:** Scalability, consistency (CAP Theorem), and message queues (Kafka).

7. Behavioral Questions

- “Tell me about a time you had to make a trade-off between speed and quality.”
- “Describe a situation where you had to lead a project under tight deadlines.”
- “Why Flipkart?”

8. Preparation Tips

- Practice Machine Coding: Focus on SOLID principles and design patterns.

- Master Graphs and DP: Flipkart loves these topics in technical rounds.
- Understand e-commerce scale: Read Flipkart's engineering blog (TechFlip).
